

FOOTSCRAY LEARNING PRECINCT

TRANSITION 2021

Footscray High School is being delivered through the Footscray Learning Precinct (the FLP). The FLP is providing excellence in teaching and learning across all stages of education in Melbourne's inner west.

The new Footscray High School has had a successful start, with students and their families making the transition from the previous Gilmore College for Girls and Footscray City College sites.

Opening its doors in 2020, the school welcomed new Year 7 students at Barkly Campus as well as Years 8–12 at the Kinnear Campus.

How will the school run?

From next year, Footscray High School will operate across two junior secondary sites — Barkly Campus and the new Pilgrim Campus — and one senior secondary site, Kinnear Campus.

From 2021

- Barkly Campus will extend its offering to both Year 7 and Year 8 students.
- The new Pilgrim Campus will also be open to students in Years 7 and 8.
- Kinnear Campus will limit its intake to Years 9 – 12 students only.

Will the schools zone change in 2021?

The opening of the new Pilgrim Campus has meant changes to the school's zones. For all up-to-date neighbourhood boundaries, please visit www.findmyschool.vic.gov.au.

Once students are enrolled at a junior campus, they remain at that campus until they transition to the senior secondary campus at Kinnear Street. This will ensure each campus has enough places for its local students.

What are the next steps for transitioning to Footscray High School?

In 2022 the transition process will be complete with the two junior campuses supporting Years 7 – 9, and the Kinnear Campus becoming the home for Footscray High School's senior students in Years 10 – 12.

	Kinnear Campus	Pilgrim Campus	Barkly Campus
2020	8 9 10 11 12		7
2021	9 10 11 12	7 8	7 8
2022	10 11 12	7 8 9	7 8 9
