Footscray High School acknowledges that school staff owe a duty of care to students to take reasonable steps to reduce the risk of reasonably foreseeable harm, which can include harm that may be caused by bullying behaviour.

### SCOPE

This policy addresses how Footscray High School aims to prevent, address and respond to student bullying behaviour. Footscray High School recognises that there are many other types of inappropriate student behaviors that do not meet the definition of bullying which are also unacceptable at our school. These other inappropriate behaviors will be managed in accordance with our *Student Code of Conduct* and *Student Wellbeing and Engagement Policy* and *Inclusion and Diversity policy*.

This policy applies to all school activities, including camps and excursions.

### POLICY

#### DEFINITIONS

##### Bullying

In 2018 the Education Council of the Council of Australian Governments endorsed the following definition of bullying for use by all Australian schools:

*Bullying is an ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm. It can involve an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening.*

*Bullying can happen in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records)*

*Bullying of any form or for any reason can have immediate, medium and long-term effects on those involved, including bystanders. Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying.*

Bullying has three main features:

- it involves a misuse of power in a relationship;
- it is ongoing and repeated; and
- it involves behaviors that can cause harm.

Bullying can be:

1. *direct* physical bullying – e.g. repeated hitting, tripping, and pushing or damaging property.
2. *direct* verbal bullying – e.g. repeated name calling, insults, homophobic or racist remarks, verbal abuse.
3. *indirect* bullying – e.g. repeated spreading rumors, playing nasty jokes to embarrass and humiliate, mimicking, encouraging others to socially exclude a person and/or damaging a person's social reputation or social acceptance.

*Cyberbullying* is direct or indirect bullying behaviors using digital technology. For example via a mobile device, computers, chat rooms, email, social media, etc. It can be verbal, written and include images, video and/or audio.

### **OTHER DISTRESSING AND INAPPROPRIATE BEHAVIOURS**

Many distressing and inappropriate behaviour may not constitute bullying even though they are unpleasant. Students who are involved in or who witness any distressing and inappropriate behaviours should report their concerns to school staff and our school will follow the Student Wellbeing and Engagement Policy.

*Mutual conflict* involves an argument or disagreement between people with no imbalance of power. In incidents of mutual conflict, generally, both parties are upset and usually both want a resolution to the issue. Unresolved mutual conflict can develop into bullying if one of the parties targets the other repeatedly in retaliation.

*Social rejection or dislike* is not bullying unless it involves deliberate and repeated attempts to cause distress, exclude or create dislike by others.

*Single-episode acts* of nastiness or physical aggression are not the same as bullying. However, single episodes of nastiness or physical aggression are not acceptable behaviours at our school and may have serious consequences for students engaging in this behaviour. Footscray High School will use its Student Wellbeing and Engagement Policy to guide a response to single episodes of nastiness or physical aggression.

*Harassment* is language or actions that are demeaning, offensive or intimidating to a person. It can take many forms, including sexual harassment and disability harassment. Harassment of any kind will not be tolerated at Footscray High School and may have serious consequences for students engaging in this behaviour. Footscray High School will use its Student Wellbeing and Engagement Policy to guide a response to students demonstrating harassing behaviour, unless the behaviour also constitutes bullying, in which case the behaviour will be managed in accordance with this Bullying Prevention Policy.

### **BULLYING PREVENTION**

Footscray High School has a number of programs and strategies in place to build a positive and inclusive school culture. We strive to foster a school culture that prevents bullying behaviour by modelling and encouraging behaviour that demonstrates acceptance, kindness and respect.

Bullying prevention at Footscray High School is proactive and is supported by research that indicates that a whole school, multifaceted approach is the most effective way to prevent and address bullying. At our school:

- we have a positive school environment that provides safety, security and support for students and promotes positive relationships and wellbeing;
- we strive to build strong partnerships between the school, families and the broader community that means all members work together to ensure the safety of students;
- teachers are encouraged to incorporate classroom management strategies that discourage bullying and promote positive behaviour;
- a range of year level incursions and programs are planned for each year to raise awareness about bullying and its impacts;
- in the classroom, our social and emotional learning curriculum teaches students what constitutes bullying and how to respond to bullying behaviour assertively. This promotes resilience, assertiveness, conflict resolution and problem solving;

- we seek to empower students to be confident communicators and to resolve conflict in a non-aggressive and constructive way;
- students are encouraged to look out for each other and to talk to teachers and older peers about any bullying they have experienced or witnessed; and
- we participate in respectful relationships programs.

For further information about our engagement and wellbeing initiatives, please see our Student Wellbeing and Engagement policy.

### **Reporting concerns to Footscray High School**

Bullying complaints will be taken seriously and responded to sensitively at our school.

Students (local and international students) who may be experiencing bullying behaviour, or students who have witnessed bullying behaviour, are encouraged to report their concerns to school staff as soon as possible.

Our ability to effectively reduce and eliminate bullying behaviour is greatly affected by students and/or parents and carers reporting concerning behaviour as soon as possible, so that the responses implemented by Footscray High School are timely and appropriate in the circumstances.

We encourage students (local and international students) to speak to their teacher and/or Leading teachers. However, students are welcome to discuss their concerns with any trusted member of staff including teachers, wellbeing staff, school social worker, member of the leadership team etc.

When notified of alleged bullying behaviour, school staff are required to:

1. record the details of the allegations on incident register, Compass, student file; and
2. inform the relevant Leading teachers, Student Wellbeing Team, Assistant Principal, and/or Campus Principal.

The Leading teachers are responsible for investigating allegations of bullying in a timely and sensitive manner. To appropriately investigate an allegation of bullying, the Leading teachers may:
